

# Central Randomization, Supply Forecasting and Supplies Management (RTSM) in Veterinary Clinical Trials

The RTSM of S-CLINICA is a robust and highly customizable solution to support central randomization and drug supply management in global clinical trials. The RTSM is not only a system for central randomization and drug assignment! To facilitate decision-making and monitoring of the trial, our system offers numerous reporting and trial management options. It allows controlling and managing clinical trials in real-time.

We can help you analyse the project challenges and manage them in the most efficient way.

## Key Features

- ✓ Unique study set up of the RTSM
- ✓ Simple management of any study complexity

- ✓ Any randomization method
- ✓ Eligibility control
- ✓ Treatment assignment on site
- ✓ Multiple treatment assignments
- ✓ Dose adjustments
- ✓ Event/visit tracking
- ✓ Emergency un-blinding
- ✓ Specific study management (recruitment options, center cap, cohort management,...)
- ✓ Supply Forecasting
- ✓ Unique drug supply management

- ✓ Real time data transfer & data integration
- ✓ Real-time web reporting
- ✓ 24/7 Helpdesk

## Key Benefits

- ✓ Reduced risk, timelines and cost
- ✓ 100% flexibility of the system allows simple
- ✓ Management of complex
- ✓ Real-time study management

We offer services in compliance with Veterinary Clinical Trials requirements and standards.

## Anticipatory Management System

Real-time is too late. Be ANTICIPATORY

- ✓ Anticipate risk
- ✓ Eliminate waste
- ✓ Fast setup
- ✓ 100% flexible
- ✓ Pro-active support

### Single Platform

- ☀ Supply Forecasting
- ☀ Cost & Risk Analysis
- ☀ IRT
- ☀ Drug & Supplies Management
- ☀ Direct-to-Patient
- ☀ Supplies Return and Destruction
- ☀ ePRO
- ☀ eCOA
- ☀ Cell Therapy Supply Management
- ☀ Autologous Supply Management
- ☀ Radiopharmaceuticals Supply Management
- ☀ Veterinary product Management

### Your Benefits

- ✓ Accurate supply planning
- ✓ Prompt build
- ✓ 100% Flexible
- ✓ Studies of any complexity
- ✓ Unique supply management algorithm
- ✓ Smooth change management
- ✓ Anticipatory risk control
- ✓ Drastically reduce supply waste!

### True Partnership

- ✓ Proven record of successful partnerships
- ✓ Robust expertise
- ✓ Client focus
